Sir:

DECLARATION UNDER 37 C.F.R. § 1.131

I, Patrick J. Coyne, state that I am one of the named applicants of the above-identified application and am one of the co-inventors of the subject matter described and claimed therein.

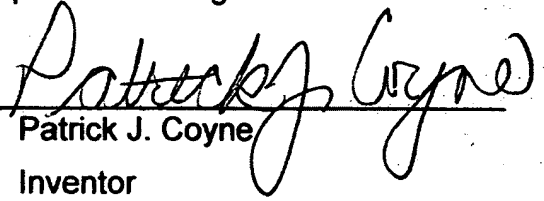

1. I am the sole inventor of the invention described in Provisional Application No. 60/337,158, upon which the present invention claims priority. Prior to December 10, 2001, I completed in this country the invention described and claimed in the above-identified application, as evidenced by the filing of the Provisional Application: Provisional Application No. 60/337,158 filed on December 10, 2001, entitled: "Method and System for the Management of Professional Services Project information."

2. The invention disclosed in this Provisional Application was developed through work by me that preceded the filing date of the Provisional Application. I completed the invention described in Provisional Application No. 60/337,158, prior to January 1, 2001.

I declare further that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further, that the statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patents issuing thereon.
